

# Baird Middle Summer School

## 4<sup>th</sup> – 6<sup>th</sup> Grades:

This summer program is designed to support students with literacy instruction customized to each grade level. Each day, students will be participating in fun activities that will help them improve their literacy skills. The daily schedule offers students multiple opportunities to read, write, create, sing, and participate in collaborative conversations all centered on engaging texts. At the end of the summer program, students will be gifted the books used in class!

## 7<sup>th</sup> – 8<sup>th</sup> Grades: Math

The Middle School Summer Academy is focused on developing a strong foundation in mathematics that will help support the student with their next years course of study. This summer we will also be focusing on a "gamified" and "campified" learning environment through 2 new engaging programs QUEST and Mindset Challenges that engage students in real-world math activities that promote working as a team, collaboration, physical activities and problem solving approaches while applying the 8 mathematical practice standards.

## 7<sup>th</sup> – 8<sup>th</sup> Grades: Literacy

Level up Literacy and Social Emotional Learning. Students will participate in targeted practice and mentoring aimed at strengthening their reading skills and strategies while fostering and reflecting on their continual growth.
