Update Your Student's Technology

TECHNOLOGY REFRESH

Baird Families, please connect with the Family Learning and Technology Support (FLATS) asap to refresh your student's district issued technology. All students are eligible for a refresh at this time. FLATS will be working with all families in the district. We encourage you to connect with FLATS now, prior to August to avoid any delays. For more information please visit FLATS' webpage through the district website at <https://flats.fresnounified.org/>

If your student's device has been damaged or stolen please reach out to FLATS; the FLATS support team will work with you to get the technology replaced.

Visit any of the 3 locations listed, no appointment is necessary.
